

# MAXIMIZE YOUR IMPACT

Add more features to your system to ensure your students are college and career ready.

## COLLEGE ACCESS PACKAGE

**College Access Package** has tools to help your students and families through critical aspects of exploring, preparing, and planning for college and university education.

### Online Test Prep

- ACT, SAT, AP, and more prep courses, tests, and study guides.
- College Access Package is more affordable per student than one typical test prep course.

### College Match

- Students are matched to colleges based on their location, academic, and financial information.
- They can see details on acceptance likelihood and sticker price vs net price.

### Application Tracking

- Students can easily manage important scholarship and college application deadlines, and tasks through use of Common App and direct submissions.
- All student progress is saved and can be reported on by educators.

### Transcript & Document Requests

- Through our partnerships with Parchment and Common App, students can request transcripts and letters of recommendation directly within Navigator to support their college and university applications.

## PATHWAYS LINK

**Pathways Link** connects students to your school, campus, or district's CTE or specialized programs of study by aligning their measured career interests with your course offerings.

### The Formula for Success

- 1 A student completes the interests or skills confidence assessments in Navigator.
- 2 The system crosswalks their results with O\*NET occupations and your corresponding specialized programs.
- 3 Three recommended specialized programs are displayed for the student, along with recommended course sequencing and full course listings for each.

### Manage Enrollment

- Program admissions criteria is included to help you manage enrollment.
- For example, use the tool to help determine whether students may be eligible to enroll in your specific CTE programs.

### Make it Your Own

- Pathways Link can be renamed to reflect your unique program or initiative.
- Examples include: Signature Studies, CTE Program Connector, and Guided Pathways Mapper.

### Encourage Student Persistence

- Ensure students are enrolled in the programs that not only meet your graduation requirements, but also their personal interests and goals.
